COLLEGE PROGRAMS

A WHOLE ROSTER CAN START ON DAY ONE

Padel is **doubles only and playable in ten minutes**, so an entire club or team picks it up in one session. It is the fastest growing racquet sport in the world. We open at 6AM and close at midnight, so court blocks fit around class schedules rather than competing with them.

CLUB SPORT NIGHTS

WEEKLY

A standing weekly court block for your padel, tennis or racquet club. Same night, same courts, all term, so your officers can plan a season around it.

INTRAMURAL LEAGUE

PER SEMESTER

We run the format, scoring and scheduling; you bring the teams. Doubles only, so a league fills faster and mixed teams work from week one.

TEAM CONDITIONING

OFF-SEASON

Cross-training for tennis, soccer and basketball rosters. Low-impact, lateral and reaction-heavy, indoors when the weather closes outdoor sessions.

STUDENT MEMBERSHIP

\$100 / MONTH

Our Student and Longevity tier. Lounge access, member events, merch discount and member court rates, for students who want to play beyond the club night.

WHO THIS IS FOR Club sport officers · Rec sports coordinators · Athletic departments · Greek life · Student associations
