COURTS TO BUILD

TENNIS CLUB PARTNERSHIPS

YOUR MEMBERS ARE ALREADY ASKING ABOUT IT

Tennis players convert to padel faster than anyone. Same court sense, same doubles instincts, shorter swing, and the walls reward the players who read a point well. **Most tennis players are rallying properly within a single session.** Rather than watch that curiosity walk to a padel club on its own, send it to ours on terms you set.

RECIPROCAL RATES STANDING

Your members play at Foundry member rates, ours get the same at your club. Nothing changes hands, and each club keeps its own membership.

INTRO CLINICS COACH-LED

We run a padel session for your members, scheduled around your court calendar. Racquets and balls provided; nobody needs to buy anything to try it.

CROSSOVER SERIES RECURRING

A social series between the two clubs, doubles format, mixed teams. It gives your members a reason to come back to you rather than drift.

PRO ACCESS ONGOING

Court time for your teaching pros to learn the game, so your staff can answer member questions instead of sending them to Google.

WHO THIS IS FOR Club general managers · Directors of racquets · Head tennis pros · Membership directors · Club boards

LET'S SET UP A PARTNERSHIP.
